

PRABAKARAN.R – Taking charge as Placement Officer

I am a focused, self-directed and competent person with six years of experience in Training & Development field. I am very efficient person with a high level interpersonal, analytical, communication and organizational skills. I am a creative individual possessing a can-do attitude. I have made numerous contributions in my previous job. I have gained strong knowledge in my previous position due to my leadership qualities. I have even accelerated the achievement of my goals and positioned myself as a valuable resource in a variety of situations. My skill set and experience would be beneficial for the consistent growth in the placement activities. I would appreciate this opportunity to take up for the benefit of the students. I will utilize my six years of experience to fulfill the following areas:

- ✓ Job placement activities consistent with employment services
- ✓ Negotiating employment opportunities with employers and promoting job seekers for vacancies
- ✓ Maintaining and reporting statistics relating to employment services
- ✓ Maintaining good relationship with employers and community groups

My ***Vision*** is to provide best students to the industries with the ***Mission*** of making them aware of need of Graduates for company's' growth and in process making them more employable. As a placement officer, my journey would be towards -

- ✓ To produce the most competitive technocrats to fit in all scenario
- ✓ To place students in Prospective IT & Core Companies
- ✓ To give sufficient practical exposures to create action plans and execute the solutions
- ✓ Help the students to develop a passion to win and a global mindset
