Department of Zoology

Value added course on

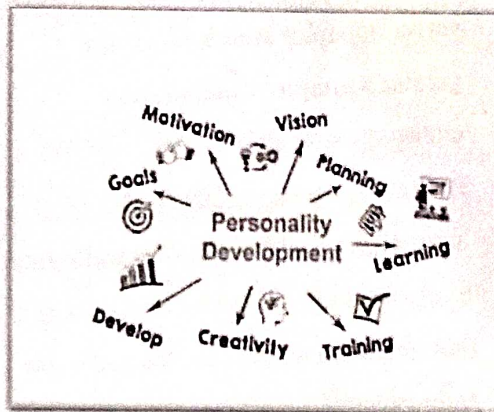

PERSONALITY DEVELOPMENT

About us:

The department of biology existed in our college right from its inception from 1957. Our department is a dynamic modern school of biological studies with a reputation of rigorous academic standards, innovation and excellence in teaching and research. Our course was completely revamped keeping in view the requirements of students both in their higher education and job markets. We have a dedicated team of staff members with an attitude of encouraging and innovating, providing an environment of professional learning and development and creating values for students through sustained academic growth and skill orientation. Zoology is taught as a subject to the students of pre-university course. With the introduction of B.Sc. Botany, Zoology is offered as an ancillary subject to the students of botany major from 1972.

The B.Sc. Degree in Zoology was introduced in 1982. A variety of teaching and learning techniques has been employed to impart knowledge and skills to students. Alumni of our department have made their marks in various institutions around the world.

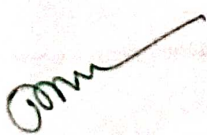

Value Added Course:

The value added course (VAC) offered by Zoology department is completely employability and entrepreneurship oriented. This course provides the key concepts, which will ultimately results in students getting acquainted with thorough knowledge. Most importantly, our course provides an opportunity for the students to apply theoretical knowledge in hands on practice.
