ON

INTERNET OF THINGS

CAREER OPPORTUNITIES:

- Data Analytics
- User Interface
- Embedded Programs Engineer
- Sensors And Actuator Professional

*"The best way to predict
your future is to create it"*

IOT

Aim of the Course:

To have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention

Course Objective:

This Course highlights on physical design, logical design, enabling technologies of IoT, IoT system management and design methodology.

Course Outcomes

After completing the course, the students will enable

- to understand the basics of Internet of Things and design of IoT
- to learn the IoT Technologies
- to learn IoT deployment Templates
- to understand the design methodology and level specification of IoT
- to learn about the physical devices such as Raspberry Pi.

Course Coordinator

Profenaa Industrial Training Centre.

- Course Code : 23PMS2VA
- Course Name : Internet Of Things
- Duration : 30 hours
- Eligibility : All PG course

Module : 1

Introduction to Internet of Things

Characteristics of IoT – IoT Protocols.

Module : 2

Logical Design of IoT

IoT Functional Blocks – Big Data Analytics

Module : 3

IoT Levels and Deployment Templates

IoT Level 1 to 6 - Case Study on IoT System for Weather Monitoring.

Module : 4

IoT Platform Design Methodology

Types of Specification - Application Development

Module : 5

IoT physical devices

Raspberry Pi – Linux on Raspberry P

“Full Stack Development: Bridging Frontend and Backend with Java”

The UG Department of Computer Science (SF) has organized a *Skill Enhancement Programme on “Full Stack Development: Bridging Frontend and Backend with Java”* that helps our students to delve into the latest programming languages and increase students flexibility and adaptability, making it easier to switch between different projects and technologies.

No. of Participants: 110

Programme Objective:

Upon completion of the seminar, participants will gain proficiency in full-stack development, mastering the integration of frontend and backend technologies with Java, and acquire the skills needed to design, deploy, and secure modern web applications.

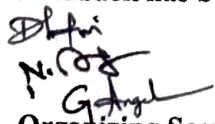

Key Topics Covered:

1. **Introduction to Full Stack Development:**
 - Definition and importance of full-stack development.
 - Overview of the frontend and backend components.
2. **Frontend Technologies:**
 - Introduction to HTML, CSS, and JavaScript.
 - Overview of popular frontend frameworks like React, Angular, and Vue.js.
3. **Backend Development with Java:**
 - Overview of Java as a backend programming language.
 - Introduction to server-side frameworks such as Spring Boot.
4. **Data Storage and Databases:**
 - Integration of databases with Java backend.
 - Overview of relational databases (e.g., MySQL) and NoSQL databases (e.g., MongoDB).

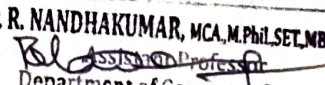

Outcome of the program:

Participants will develop comprehensive skills in full-stack development, bridging frontend and backend with Java, enabling them to design, deploy, and secure modern web applications effectively.

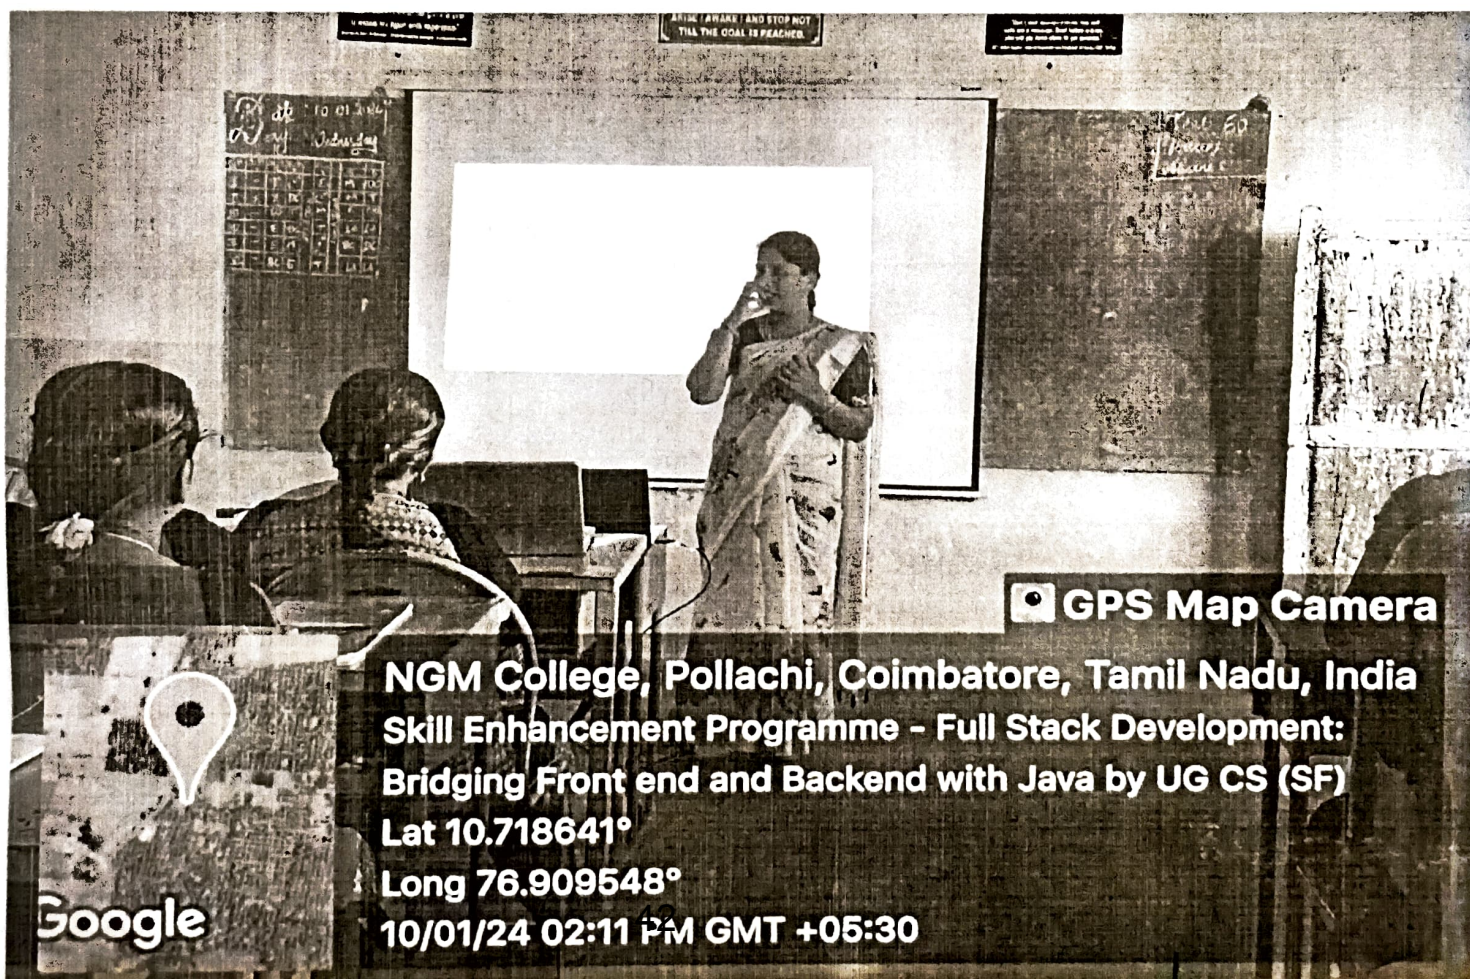

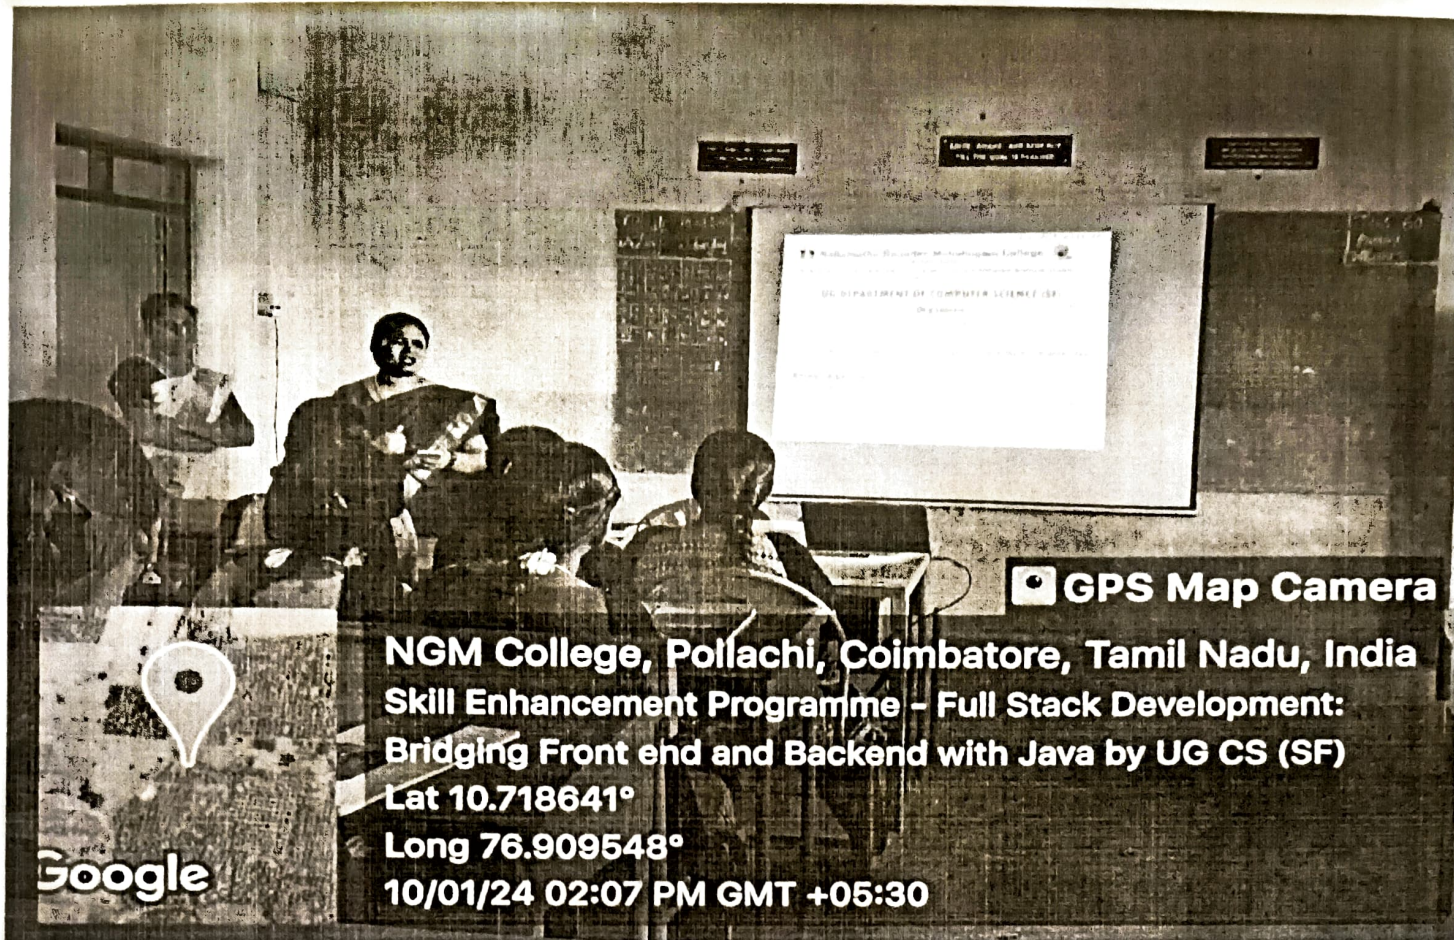

Feedback has been collected at end of the session.

5. Beneficiaries of the Event: 109
6. Report of the Event

Our Chief Guest Mr.R.Thirumoorthi, Director, Bootcamp Services, Coimbatore started the session by explaining the placement possibilities and Skill Enhancement to grab the placement offers. Later on, the session turned into a Question-Answer session. The students very interestingly started shooting out the queries related to higher studies, Placement Opportunities, Competitive exams etc. Really the session was very interesting and useful to the students.

DEPARTMENT OF COMMERCE- BUSINESS PROCESS SERVICES

The Department of Commerce Business Process Services has collaboration with Shiksha by Swathika - an IAS Academy - in conducting UPSC & TNPSC coaching classes. This initiative is a testament to the commitment of both institutions towards enhancing educational opportunities for aspiring civil servants.

In the initial phase, a total of 80 students enrolled in the coaching program, showcasing a strong interest in preparing for the Group 4 exams. Out of these, 70 students actively participated and wrote their Group 4 exams. They are now eagerly awaiting their results, reflecting the effectiveness and engagement of the coaching provided.

The program's success is further evidenced by its expansion. The current batch has seen a remarkable increase in enrollment, with 95 students now actively participating in the coaching sessions. This growth indicates a rising demand for structured TNPSC preparation and the positive impact of the coaching classes on students' aspirations.

The collaboration between the Department of Commerce Business Process Services and Shiksha by Swathika emphasizes a dedicated effort to equip students with the necessary skills and knowledge to excel in the UPSC & TNPSC exams. This partnership not only supports the professional development of individuals but also contributes to the broader goal of fostering a knowledgeable and skilled workforce for Tamil Nadu.
