Mathematics – PG – Aided

2. The undergraduate and Postgraduate syllabi are designed to equip students for exams such as UGC-NET/SET and to place in IT and Government sectors.
3. Provide Value-added Courses with latest computer programming language and software.
4. Provide Certificate Courses to enhance entrepreneurial skills and holistic values.
5. Continuous career guidance activities afford extensive placement opportunities to about 50-60%
6. MOU has been signed with technical institutes and non-government organizations to impart technical knowledge and inculcate social values among students.
7. Mandatory MOOC/NPTEL course completion for past graduates add extra credits.
8. Compulsory project work for postgraduate serves as a gateway to research.
9. Celebrations of International and National Mathematics day and release of magazine – MATHZINE pave a way to expose extra talents.
10. Identify slow learners and coach them individually to improve their academic performance.

Association

Mathematics Association coined as 'MATRIX' stands for Mathematics Association for Thinkers of Real and Imaginary X, which provides a platform for the students to exhibit and sharpen their skills both academically and career oriented through a variety of programs planned by the Department throughout the year.

Quiz Competition: Conducting Quiz competitions enable students to explore their textual knowledge and application of the learned concepts. It provides an excellent opportunity and interactive platform to expand and update their general knowledge. The students are benefited by this program every year.
