REPORT OF **“International Maritime Week Quiz 2023”**

(An Event to Create Awareness about the Mariners, Sea Farers, Stevedores and Marine Pollution)

IQAC/2023-24/SEP/101

The International Maritime Week Quiz 2023 is an event organized by the Head, Staff and Students of PG Department of Commerce with International Business of our college from 25.09.2023 to 30.09.2023 in commemoration of The World Maritime Day 2023 that took place on 28 September 2023. This year, the theme for World Maritime Day is “MARPOL at 50 – Our commitment goes on”. MARPOL is the most significant treaty regulating pollution from ships; and it is a key pillar of IMO's efforts to promote green shipping. IMO 2023 is a new global shipping regulation that aims to reduce carbon emissions and promote greater energy efficiency in the sea freight industry. With its focus on implementing stricter regulations for carbon emissions, IMO 2023 is likely to affect the global shipping landscape significantly. In order to align with the theme of IMO, this awareness quiz is designed to spread awareness about the Mariners, Sea Farers, Stevedores and Marine Pollution among the Teaching Fraternity and the students of Arts, Science and Commerce.

This event is prepared by Staff Organizers and Student Volunteers using Google Forms and once the participant scores more than 60 %, an automatized certificate will be generated via certify'em and the same will be delivered to the registered mail id of the participant.
