He Pointed out the NEP 2020 has the power to unlock the full potential of every individual and contribute to building a knowledge-based society that thrives in the 21st century.

Day 2:09thJune2024

10.30AM- 4.300PM

Technical sessions

Empowering future work force: Integrating 21st century skills

Prof. C.Sheela Reddy, Central University of Andhra Pradesh

Topic discussed: Prof. Reddy have touched role of educational institutions in fostering skills among students, and the need for innovative teaching methods effectively.

She also discussed the significance of preserving cultural heritage and traditions in Indian educational system.

Dr. M. Manickam, Chairman, Sakthi Group of Institutions.

Topic highlighted: Dr. Manickam sir have highlighted the significance of structured class hours in maximizing learning outcomes, suggesting that a consistent and organized schedule

contributes to student success. He pointed out the importance of utilizing class hours effectively to cover curriculum content. His discussion within the framework of the Indian education system, comparing and contrasting class hour requirements with those of the USA to identify areas for improvement or adaptation.

He also said their observation regarding agricultural students. They pursuing jobs outside of the agricultural sector after completing their degrees like Bank and Government jobs. This practice should be change, every students should have apply their knowledge in Agriculture. Otherwise Agricultural institutions start training programs for especially farmers to improve more in our agricultural systems.

Dr. Bhimaraya Metri, Director, IIM Nagpur.

Topic: Dr. Bhimaraya Metri could provide insightful perspectives on the current state of the education system, focusing on areas such as innovative teaching methodologies, the integration of technology in education, and the importance of nurturing diverse skills among teachers. That is learning skill, critical thinking skills, functional skill, creative thinking skill, innovative skill, problem solving skills and communication skills.

Vaidya Vinod Kumar T.G. Senior Scientist, Jawaharlal Nehru Tropical Botanical Garden and Research Institute

Topic: Indigenous technologies connecting with modernity

He could delve into how indigenous technologies bridge the gap between tradition and modernity, exploring how ancient knowledge can complement and enhance modern scientific advancements. He could discuss examples of indigenous practices in botanical research and

conservation, highlighting their relevance in today's world and their potential to address contemporary environmental challenges. Additionally, he could touch upon the importance of preserving and integrating traditional wisdom into modern scientific practices for sustainable development.

Valedictory session

For the valedictory session of the two-day seminar on "Envisioning New Bharat: Educational Reforms and Indigenous Systems," it would be fitting to have a distinguished speaker who can provide a comprehensive overview and insightful reflections on the discussions and insights gained during the seminar.

A prominent figure Thiru. Guntha Laxman, All India Organising Secretary, Akhil Bharatiya Rashtriya Shaikshik Mahasangh, (SBRSM) take over the valedictory session.

He could summarize key takeaways from the seminar, offer perspectives on how educational reforms and indigenous systems can shape the future of India, and inspire participants with a vision for a new Bharat built on innovation, inclusivity, and sustainability.

Conclusion

The two-day seminar successfully achieved its objectives, providing a platform for insightful discussions on educational reforms and the integration of indigenous knowledge systems.

.
