ACADEMIC ADMINISTRATIVE AUDITING : 2023-2024

- All departments consistently produce high-quality documents; however, it is imperative that these documents be meticulously organized.
- To facilitate this, it has been proposed that box files be provided for the systematic maintenance of documents and that binding be utilized when necessary.
- Furthermore, the display of empty files is to be avoided.
- Each department is required to prepare a PowerPoint presentation (PPT) comprising 15 slides.
- The initial 5 slides should exclusively highlight the department's achievements, followed by sections on curriculum enrichment, the teaching and learning process, research innovations, student progression, and details of any conferences, seminars, and faculty development programs.
- It is essential that each department's PPT is unique.
- Additionally, the preparation of faculty profiles as a book is recommended.
- Furthermore, it is advised to position the Department of Human Excellence as an exemplary model, projecting it as a best practice for all the assessment periods.
