Water is a precious resource, and it is our collective responsibility to use it wisely. We request everyone to ensure that all taps and pipes are tightly closed after use. Our campus maintenance team will be conducting regular inspections to identify and repair any leaks or faulty plumbing systems. We urge you to report any leaks or other water-related issues at the Reception desk promptly. It is essential that we all play our part in being responsible custodians of our environment.

Dear Students and Faculty,

It is informed to everyone to be cautious in your water usage habits. Turn off taps when not in use, especially in restrooms and canteen. Notify Reception desk immediately if you spot leaks or drips in campus facilities.
