This executive summary provides a condensed overview of the comprehensive feedback analysis report for the academic year 2020 - 2021. This analysis report is a crucial component of our ongoing efforts towards achieving excellence in higher education. It outlines key findings, commendations, and recommendations derived from the collective feedback received.

The feedback analysis was conducted through a multi-faceted approach including stakeholders, students, faculty, alumni, and external partners. Stakeholder engagement has been instrumental in identifying areas of strength and improvement, contributing to our commitment to continuous enhancement. Feedback was efficiently collected through an online mode, leveraging surveys and virtual platforms to engage a diverse range of stakeholders.

1. STUDENT FEEDBACK ANALYSIS

Total number of Students attempted feedback (<i>Odd & Even</i>)	2741
Total number of questions	10
Feedback Collection	Online

In the academic year 2020 - 2021, we systematically gathered feedback from a diverse cohort of 2741 students, encompassing various academic disciplines for each courses. Our comprehensive feedback collection process involved the distribution of purpose-designed forms across departments and programs, aiming to capture student perspectives on educational experiences, course content, teaching methodologies, and campus facilities. Each department actively participated in administering and collecting feedback forms, ensuring a holistic representation of student opinions. Our feedback evaluation was based on information gathered from these students, allowing us to identify both institutional strengths and areas for improvement.
