Report of the Event

“Two Days INTRA INSTITUTIONAL START-UP COMPETITION”

The Department of Information Technology, Computer Technology, Computer Science with Artificial Intelligence and Machine Learning, Computer Science with Data Analytics, Computer Science (UG & PG) jointly organized a INTRA INSTITUTIONAL START-UP COMPETITION with the Institutional Innovation Council of NGM College, Pollachi on 07.08.2025 & 08.08.2025 at Bharathiar Arangam.

The event was organized with the aim of encouraging innovation and creativity among UG and PG students. Providing a platform to present innovative products, prototypes, and new applications. Fostering entrepreneurial thinking and startup culture.

The event was inaugurated by Dr. R. ManickaChezian, Principal (i/c), who addressed the participants and motivated them to pursue innovation and entrepreneurship. Students from various disciplines showcased their innovative working models, prototypes, and apps. Total no. of Participants is 119 and Teams consisted of 1 to 3 members, representing both UG and PG levels. Five faculty members were involved in this event. The competition created an environment of collaboration, knowledge sharing, and entrepreneurial spirit. Participants demonstrated innovative solutions addressing real-time problems. A panel of four judges evaluated the participants based on innovation, feasibility, presentation, and potential impact.

The event successfully encouraged students to think innovatively and work collaboratively. Students gained exposure to the startup ecosystem and entrepreneurial practices. Exciting cash prizes were awarded to the winning teams. The competition acted as a platform for students to convert their innovative ideas into potential real-world applications.

13.Objectiveof the Intra Institutional Start-Up Competition

The Intra-Institutional Start-Up Competition aims to cultivate a vibrant culture of innovation and entrepreneurship within the institution by providing a platform for students to transform their innovative ideas into viable business ventures. This competition is designed to identify, nurture and support early-stage start-up ideas that demonstrate creativity, social impact, and commercial potential.

The primary objective is to encourage problem-solving through entrepreneurial thinking by engaging participants in a structured, competitive process that includes ideation and mentorship. It seeks to develop entrepreneurial competencies such as leadership, teamwork, market analysis, and financial planning. Through hands-on experience, participants gain insights into the start-up ecosystem, while also learning to navigate challenges related to funding, scalability, and sustainability.

14.Benefit in terms of learning/skill/ Knowledge obtained

Participating in the Intra-Institutional Start-Up Competition provides hands-on experience in entrepreneurship, enhancing critical thinking, problem-solving, and decision-making skills. Students gain practical knowledge in business planning, market research and financial modeling. It fosters teamwork, leadership, and communication abilities while encouraging creativity and innovation.

Exposure to mentorship from industry experts deepens understanding of real-world challenges and startup ecosystems. The competition cultivates an entrepreneurial mindset, teaching resilience, adaptability, and strategic thinking. Overall, it bridges academic learning with practical application, preparing participants for future ventures, employment, or further innovation-driven opportunities in their professional careers.

15.Over all report of the event

Department of Information Technology,Computer Technology, Computer Science with Artificial Intelligence and Machine Learning ,Computer Science with Data Analytics, Computer Science (UG & PG)jointlyorganized a INTRA INSTITUTIONAL START-UP COMPETITION with the Institutional Innovation Council of NGM College, Pollachi.
