Minutes

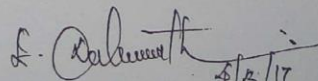

The resolutions made in the Board of Studies meeting on 04.03.2017 are as follows.

- The syllabi framed for IV semesters for the new batch to be admitted for the academic year 2017-18 is recommended for implementation.
- Microbiology can be introduced as an individual paper.
- Biodiversity conservation can be included.
- Plant systematics & Economic Botany can be split into two papers.
- Food Science and Nutrition can be changed to Seed technology / Man and microbes / Horticulture.
- Horticulture paper must be introduced instead of Pharmacognosy.
- Cyber security paper ^(2 units) can be ^{incorporated} introduced in Bioinformatics paper.
- topics which are not studied in UG and advanced topics can be included in the Syllabus.
- Self study topics are ^{to be} given in each paper (at least two).
- Subject experts and Pattern for examinations are discussed.
