

Department of Information Technology

Faculty feedback

I. Curriculum Design and Development

1. In order to get student's view about syllabus, a representative from final year students can be included in board of studies meeting.

II. Teaching Learning & Evaluation

1. Evaluation system may be improved by having online exams, activity based learning and evaluation.
2. Paper valuation should follow double valuation methodology.
3. Allotment of staff for valuation can be done on the basis of staff's subject expertisation.
4. Every five years once examiners panel should be changed.
5. Every department should have separate smart class rooms.

III. Research

1. Appraisal system for SF staff member may be followed.
2. Recognize staff members based on Appraisal.

IV. Infrastructure

1. No. of rest rooms with facilities may be increased.
2. Existing restrooms may be maintained properly and clean regularly.
3. Parking facility for two-wheelers must be increased as double the space available now.
4. Existing water purifiers should be maintained properly and no. of water points should be increased.
5. It is better to provide Individual laptops to staff members or at least one to each department.
6. If we conduct different programmes by different disciplines at the same time, the guest house facility is insufficient and so the no. of guest house may be increased..
7. Data Centre facility is need to maintain the data.

V. Governance

1. Give more facility for the staff members and the students to participate in programmes conducted outside the college.
2. Provide facilities for enrollment of students in online courses and online exams.

VI. Well-Being of Staff Members

1. Medclaim, insurance facility may be provided for staff members.
2. Fees concession for the ward of the staff members can be provided on the basis of creamy layer.

Alumni Feedback

1. Internet and Wi-Fi

- Speed of internet should be increased.
- Wi-Fi connection may be established for the entire campus and maintained properly.

2. Evaluation system

- Online exam can be introduced.
- Exam result should be announced in a short period of time.

3. Placement

- MNC companies can be invited to our campus for placement every year.
- Placement training can be given to students from first year onward (to all the students)
