CURRICULAM FEED BACK- ALUMNI

STRONGLY AGREE :

In our department, maximum number of students were admitted by mathematics' mark in HSC examinations. Maximum number of students selected their PG in mathematics. Or they preferred to do B.Ed.. Some of our students were placed in TCS, INFOSYS, ACCENTURE. They successfully got the above mentioned categories, using our college library and department library. Our classroom surroundings would help to reach their heights. We had different type of students in knowledge level. Through ABC analysis we encouraged advanced learners to participate in cultural activities, placement, PG entrance, competitive exams, paper presentations and sports activities in other colleges. Through our remedial course, we improved our slow learners.

NEEDS TO IMPROVE:

- Internet and Wi-Fi facility
- Lab facility
- Hostel
- Relevance of curriculum of their job.

CURRICULAM FEED BACK- STAFF

STRONGLY AGREE :

Our department's curriculum development cell is well designed and periodically updated by staff members, subject expert, industrial expert and alumni. Our teaching learning process was improved by LCD projector, e-resources. Our faculty members were successfully completed their M.phil degree as part time program. After completed their M.phil degree, they were motivated to do their doctorate degree. Our staff members received amount from our college for paper presentation in national level and international level conferences. Also received amount for minor project proposal from our college. Our classrooms are furnished by adequate benches, tables, dustbin, fans and lights. In our department, we had one computer with internet facility, printer and LCD projector. We had department library with help of our staff members.

SUGGESTIONS:

- At least one classroom with smart board for our department
- Current year student's contribution in curriculum design is needed.
- Fee concession for staff members for doing M.Phil / Ph.D.

FEEDBACK- PARENTS

Reason for selecting our college:

- ❖ Good will of the college.
- ❖ Good academic reputation.
- ❖ Having good faculties.
- ❖ Maintaining safety controls.
- ❖ Nearby residence.

Parents were highly satisfied with:

- ❖ Quality of academics.
- ❖ Class room facilities.
- ❖ Physical education facilities.

Parents were satisfied with:

- ❖ Library
- ❖ Extracurricular activities.
- ❖ Personality development.
- ❖ Computer labs.

Parents were not satisfied with:

- ❖ Communicative English.
- ❖ Placement.
