ALUMNI FEEDBACK - (2017-18)

The alumni of the Department of Botany had a get together during their convocation day and alumni meet held in the campus every year. 50% of the pass outs of Botany join M.Sc., Botany either in the same college or some other colleges at Coimbatore. Below 10% of the students were employed. Feedback from most of them appreciated the admission procedures, curriculum relevancy with the job, classroom and lab facilities. Hostel facilities and cultural activities are not much appreciated by many of them. Few were not satisfied about the Wi-Fi facilities in campus

PARENTS FEEDBACK - (2017-18)

Every semester there is a "Parents-Teacher meet" in the Department of Botany for all the Botany students. Almost all parents visit the department and participate in the meeting. Parents enquire eagerly about various walks of their children and they are answered by the respective proctors of their wards in detail. Few irregularities regarding discipline from the student side were also discussed relevantly with their parents and were rectified.

The feedback form was given to the parents and the summary of the feedback is as follows:

- Most of the parents are happy about quality of education, infrastructure of the institution, library, computer lab facilities, and physical education departments
- Many are highly satisfied with the placement facilities
- Specifically a parent mentioned that they are too happy that this department is taking care of academically poor students and help them to come up.
- Few suggestions were also given about the improvement of seminar classes for the students and introduction of training for higher education and advanced subjects in the curriculum.

STAFF FEEDBACK – (2017-18)

The staff members in the Department of Botany imprinted their feedbacks on curriculum design and development; teaching, learning and evaluation; research; infrastructure; governance and well being of staff members. Most of the staff appreciated the curriculum design, teaching and learning strategies. Research is equally having strong appreciable approaches. There is a positive path in well being of the staff members. The quality initiatives taken up by the institution contribute towards improvement in academic standards is agreeable. The infrastructure facilities such as restrooms, car parking, guest house needs improvement and it gets an average score.

Some of the suggestions provided by the staff are as follows.

- The industry tie up may enhance the employability skills among the students
- A separate common staff room for faculty members may help in staff interaction, enrich their experiences
- Recreational trips may be arranged that may refresh the teaching mind set
- More number of smart classrooms impart effective teaching learning skills
- Improving the library books and journals
- Restrooms in every block, extended parking area and separate guest house would satisfy a better infrastructure facility.
