RED RIBBON CLUB

ABOUT RRC

Red Ribbon Club is a movement started by the Government of India in schools and colleges through which, students will spread awareness over HIV / AIDS. It envisages to instill charity mind among all the students to extend their able help towards developing healthy life styles, donating blood to all the needy by promotion of regular voluntary blood donation.

SIGNIFICANCE OF RED RIBBON IN HIV / AIDS

- Red like Love, as a symbol of passion and tolerance for those affected.
- Red like Blood, representing the pain caused by many people who have AIDS.
- Red like the anger about the helplessness about which we are facing for a disease for which there is still no cure.
- Red is a sign of warning not to carelessly ignore one of the biggest problems of our time.

OBJECTIVES

The RRC aims at harnessing the potential of youth by equipping them with correct information on HIV/AIDS prevention, care, support and treatment. It also aims to build their capacities as peer educators to spread right messages on health seeking behavior and healthy living. They will also be motivated to create enabling environment and increasing voluntary blood donations among youth.

GOAL

To equip the students with correct information on HIV/AIDS prevention, treatment, care, support.

ROLE OF THE RED RIBBON CLUB

- Promoting Regular voluntary blood donation by young people and increase access to safe and adequate quantities of blood.
- Conducting AIDS awareness programs.
- Observance of World AIDS Day (1st December), Blood Donor Day (14th June).
- Educating youth with correct, concise and adequate information about HIV/AIDS.
- To instill life skills into youths to live better and healthier life.
