The study of market structure helps to know opportunities to generate more profit, will help business man to take decision in the competitive business environment. Hence the industrial experts suggested to include this topic.
4	20UEO204	International Economics	Unit -II has completely replaced by new content	20%	Unit II Free trade Vs Protection and India's Foreign Trade Free Trade: Meaning- Advantages –	Gains from Trade Gains from trade – Their Measurement and Distribution: Trade as an Engine of	Suggestions given by Members of Board of Studies.

					Disadvantages. Protection: Arguments for Protection – Arguments against Protection. India's Foreign Trade Policy: Objectives – Types of Tariffs – Current India's Trade Policy.	Economic Growth: Concepts of Terms of Trade and their Importance in the Theory of Trade: Doctrine of Reciprocal Demand – its Importance and Limitations in the Theory of Trade.	
5	20UEO2A2	Agricultural And Rural Development	1. Unit – II has replaced by Unit –III 2. Unit –III has completely changed into new topics 3. New content introduced	40%	Green Revolution Green Revolution - Intensive Agricultural District Programme - HYV Programme - Production Trends - Critical Appraisal - Merits - Problems - Limitations of HYVP - Technological Changes in Agriculture - Chemical Fertilizers, Water, Mechanisation and Power – Organic	- Agricultural Production Agricultural Resources in India – Land Utilization and Cropping Pattern – Irrigation : Types of Irrigation - Trends in Agricultural Growth and Agricultural Productivity - Pattern of Agricultural Development in Regional Variation - Organic Farming in India III - Technological Changes in Agriculture Technology Change in Agriculture: Traditional Techniques and Practices, HYV Seeds – Chemical Fertilizers, Water technology -	To acquire knowledge production of agricultural crops by using organic farming , technological changes and gain skills conversion of products commodities in agribusiness these topics suggested by Subject Expert

					Farming in India.	Green Revolution – Emerging trends in Agricultural Technology – Dry Land farming – Use of Bio- Technology Techniques. V - Agribusiness Introduction to Agribusiness – Scope for Agribusiness in India- Types - Agribusiness Opportunities and Challenges in India - Agribusiness Management- Core Industries of Agribusiness – New Development and Trends in Agribusiness – Job Roles in the Agribusiness Industry	
--	--	--	--	--	--------------------------	---	--

6	20UEO306	Economics of Development And Planning	Unit-V completely replaced by new contents	20%	Unit V Capital Formation Investment Criteria (1) Capital Formation Economic Development Importance of Capital Formation – Difficult Stages – Sources Capital – Capital-Output Ratio- A brief summary on Investment Criteria – Marginal Rule Resource Allocation The Rate of Turnover Criterion – The Savings Marginal Product Criterion – The Marginal Per Capita Reinvestment Quotient Criterion – Time Series Criterion	Unit V- Human Capital Formation Manpower Planning Meaning and Importance of Human Capital Formation Problems of Human Capital Formation– Criteria Investment in Human Capital Manpower Planning in LDCs Manpower Surpluses Manpower shortages – Strategies for Manpower Planning Estimating Future Manpower Requirements.	The purpose of replacing manpower planning is to motivate the students to learn placement requirements and to develop skills as Human capital
7	20UEO3A3	Banking Law And Practice	New topics introduced in Unit-V	20%	Unit V Services and Trends in Banking Modern Service Commercial Bank Non-Resident Account - External Account – New Trends in Banking - E-Banking Credit Card - Debit Card - ATM	Electronic Banking Introduction to E-Banking Procedure – Traditional Banking Vs E-Banking- Need for computerization - Automated Clearing system (ACS) Electronic Transaction-Electronic Fund Management: - EFT, ERTGs, NEFT, IFSC- ATM-Computerization of Clearing Cheques	In digital era students have to get awareness on transactions services occurring in bank. These are recommended to Members of Board of Studies.

8	20UEO3N1	Advertising and Sales Promotion	1.Unit-V has combined Unit-IV 2.In Unit – V New concept has introduced	40%		Unit V - Sales Force Management Introduction –Importance of Selection– Sales force Decision – Sales force size – Recruitment and Selection – Selection process – Training – Significance- Objectives - Advantages- Training Programme- Training Methods– Evaluation of Training.	Modern placement work requires lot of sales force. Accordingly the new concept of Selection Recruitment may play vital role in students affairs.Recommended Industrialist and Subject expert
9	20UEO3N2	Economics for Competitive And Career Development	1. Economics for competitive examination has renamed as economics for competitive and career development 2. Introduced new topics Unit –II instead of old one 3. Unit-III has completely replaced by new content	40%	1. Economics for competitive examination 2. Agriculture: Place and Importance - Problems - Green Revolution - New National Agricultural Policy*. Industry:- Role and Importance - Pattern of Industrial Development	1. Economics for competitive and career development 2. Branches of Economics: Economics Types – Micro Vs Macro Economics – National Income - Inflation. 3. Different Sectors – External Sector – International - Foreign Currency – Types of Markets –Famous Economic Revolutions – Five Year Plans.	Keeping in mind (UPSC,SSC,TNPSC) Students need lot of subject knowledge in Economics. To get through any competitive exams, students have to equip themselves in newly introduced topics .

					under Five Year Plans - New Industrial Policy - MRTP Act.		
10	20UEO408	Mathematical Methods	1. Unit-II has replaced by Unit-III 2. Unit –III has replaced by Unit 3. New content was introduced in Unit IV	40%	Unit II Unit V Skewness, Moments and Kurtosis Meaning and Definition of Skewness - Symmetrical, Positive, Negative Skewness - Measures of Skewness - Relative Measures of Skewness - Karl Pearson and Bowley's Co-efficient of Skewness - Moments - Meaning - Computation of Moments - Kurtosis - Meaning - Measures of Kurtosis.	Partial Differentiation Meaning-Partial Differentiation-Two Variables –Three Variables-Higher Order Derivatives-Total Differential - Maxima & Minima for two variables – Applications in Economics- Marginal Functions-Total Functions.	It helps to understand and analyse economic theories and denote correlations between variables such as Demand , Supply, Price ,Output, Etc,...
11	20UEO4N3	Information Management	New course	100%	Modern Office – Functions – Importance – <i>Office Management</i> * – Manager – Qualities – Functions.	I - Office Management Definition – Elements of Office Management – Functions– Duties and Responsibilities of an Office Manager – The	In this digital era students have to equip with lots of electronics gadgets . Students can get awareness on these appliances for future

					II Office Location and Layout - Open Office - Private Office – Merits and Demerits - Office Furniture – Principles in Selecting Office Furniture. III Handling Mail – Dicta Phone - Merits and Demerits - Filing Systems – <i>Essential Modern Method*</i>– Merits and Demerits. IV Indexing – Types – Merits and Demerits - Office Stationery – Methods of Purchase – Control of Stationery V	Ten Commandments*. II - Administrative Office Management Meaning - Objectives of Administrative Office Management – Information Management – Scientific –Office Management – Aims – Scientific Management in Office. III - Environment Management Office Lighting – Ventilation and Temperature Control – Sanitary arrangements - Security. V - Latest Innovations in Management Vennfer for Corporates – VertuTi – Blackberry– Wi-Fi Technology – Blu-ray Disc – CISCO Telepresence– Office 2020–NEC Vivid Office 2020 V - Management Reporting	endeavors.
--	--	--	--	--	---	---	------------

					Office Machines and Equipment – Office Appliances- Importance - Merits and Demerits.	Purposes of Reports – Types of Reports – Report Writing – Form the Report – Guiding rules for Reports – Precis writing.	
12	20UEO510	Human Resource Management	Unit – V completely replaced by new content	20%	Ethics in HRM HRM: Ethics in HRM - Meaning of Ethics - Ethics in Job Design - Human Resource Planning - Recruitment, Selection, Training and Development - Career Planning and Development - Employee Turnover - Wage and Salary Administration - E-Human Resource Management.	International Human Resource Management Domestic HRM and International HRM comparison – Growing Interest in IHRM – Managing International HR activities – Role of Expatriate – Challenges in IHRM- Strategies for effective IHRM	Recent job outsourcing requires knowledge on part of IHRM . By learning IHRM students can apply for jobs in abroad also. It is the need of the hour too.
13	20UEO511	Investment Policies And Programmes	UNIT –II completely modified with new topics	20%	Security Valuation Security Valuation –	Capital and Money Market in India Meaning of Capital Market- Functions of Capital Market	To know the market instruments of money market. These topics are included and replaced advised

					Scope – Elements of Investment - Return - Return and Risk - Time Factor – Approaches to Investment - Fundamental Approach - Technical Approach - Portfolio Approach.	–Players in the Capital Market –Importance of Capital Market- Money Market – Definition of Money Market – Money market Instruments – The District Features of Money market –Preconditions for an Efficient Money market – Distinction between Money Market and Capital Market.	BOS
14	20UEO5EN	Statistical Methods – I	Unit-V has replaced by new topics	20%	Unit V Skewness, Moments and Kurtosis Meaning and Definition of Skewness - Symmetrical, Positive, Negative Skewness - Measures of Skewness - Relative Measures of Skewness - Karl Pearson and Bowley's Co-efficient of Skewness - Moments - Meaning - Computation of Moments - Kurtosis - Meaning - Measures of Kurtosis.	Correlation Analysis Meaning - Definition and Types of Correlation - Methods of Studying Correlation - Karl Pearson's Co-efficient of Correlation - Rank Correlation - Regression - Meaning - Fitting Regression Equation X on Y and Y on X - Difference between Regression and Correlation.	It is used in deriving precisely . The degree direction of relationship between economic variables and also use of variable to predict the other variables.
15	20UEO5E2	Information Management	All units	100%	Unit I	I - Office Management Definition – Elements of Office Management –	In this digital era students have to equip with lot of electronics gadgets.

					Modern Office — Office Management — Functions — Importance— Process of Office Management— Manager — Qualities Functions —Office Activities — Maintenance of Office Records — Skills required in Office Management. Unit II Office Layout- Importance — Principles of Office Layout - Factors affecting Office Layout- Types - Open Office - Private Office — Merits and Demerits — Office Furniture — <i>Principles in Selecting Office Furniture*- Types of Furniture.</i> Unit III Handling Mail —	Functions– Duties and Responsibilities of an Office Manager – The Ten Commandments*. II - Administrative Office Management Meaning - Objectives of Administrative Office Management – Information Management – Scientific –Office Management – Aims – Scientific Management in Office. III - Environment Management Office Lighting – Ventilation and Temperature Control – Sanitary arrangements - Security. V - Latest Innovations in Management Vennfer for Corporates – VertuTi – Blackberry– Wi-Fi Technology – Blu-ray Disc – CISCO Telepresence– Office 2020–NEC Vivid Office 2020 V - Management Reporting Purposes of Reports – Types of Reports – Report Writing – Form of the	Students can get awareness on these appliances for future
--	--	--	--	--	---	---	--

					Dicta Phone - Merits and Demerits - Filing Systems Importance – Essentials – Classification of Files – Purpose of Record Management –Principles of Record Management - Modern Methods of Record Management – Merits and Demerits. Unit IV Indexing – Importance – Essentials – Types – Merits and Demerits - Office <i>Stationery</i>* – Types and Forms of Office Stationeries - Purchase of Office Stationeries – Storage of Office Stationeries –Issues of Office Stationeries- Control of Stationery Unit V Office Machines – Objectives of Office Mechanisation-	Report – Guiding rules for Reports – Precis writing.	
--	--	--	--	--	--	---	--

					Advantages and Disadvantages of Mechanisation - Types of Office Machines - Office Appliances- Importance - Merits and Demerits – Equipments- Mail Room Equipments & Communication System		
16	20UEO512	Window Based Office Automation And Tally	1. Unit – I has replaced by Unit- II 2. New course content introduced in Unit -	20%	Introduction to the Computer Computer Capabilities Compounds of a Computer Functions of Units Computers – Applications Computers – Classification Computers – Generation Computers	Getting Started with Excel Workbook Window – Worksheets and Workbook Specification Managing a Workbook Renaming Workbooks - Worksheets Tools - Entering Text and Numbers into Cells - Editing Cells –Entering the Formula – Entering Data in Worksheet – Data Entry Techniques- Editing the data Moving Copying, Inserting Deleting Rows and Columns Charts – Creating , Editing Formatting – Printing Worksheet.	In this digital era students have to equip with MS Excel to entering the data and do Calculations. Students can get awareness on these appliances for future
17	20UEO614	Public Finance	In this course Units IV and V are interchanged with	40%		7- Public Debt	For the sake of content continuity and inclusion

			contents			Public Debt – Meaning – Causes – Classification – Benefits and Dangers – Effects – Measurement of Debt Burden - <i>Redemption of Public Debt</i> * – Principles of Debt Management and Repayment. Financial Administration and Federal Finance Meaning – Instruments – Budget – Features – Principles of Budgeting – Procedures of Budgeting – Meaning and Principles of Federal finance – Finance Commission and NITI AAYOG – 12,13,14 & 15th Finance Commission and its Recommendations	updated topics as instructed by Experts and Members of BOS
18	20UEO616	Economics of Transport	1. In this course Unit IV has included in Unit- V 2. Unit- V has completely modified with new topics	40%		Rates and Fares in Different Transport System Rates and Fares in Road Transport – Railway rates fares - Air Revenue and Expenses- Revenue and Expenses – Fix of Rate and Fares.	Today's fast world requires knowledge on part of logistic management. Learning skill on the part of fare revenue and expenditure stimulate knowledge spending economically

							Recommended by Industrialist and Subject expert
19	20UEO6E3	Statistical Methods – II	1. Unit-I has replaced with Unit- II 2. Unit –II has replaced with Unit – III 3. Unit – III has completely modified with new topics	60%	Correlation Analysis Meaning - Definition and Types of Correlation - Methods of Studying Correlation - Karl Pearson's Co-efficient of Correlation - Rank Correlation - Regression - Meaning - Fitting Regression Equation X on Y and Y on X - Difference between Regression and Correlation.	- Research Design and Statistical Survey Meaning of Research Design-Need for research design-Features of a good design- Important concepts relating to research design- Statistical Survey – Planning of enquiry-Executing the survey.	To provide a plan of study that per units accurate assessments cause and effect relationship between independent and dependent variables Recommended by Subject experts .
20	20UEO5E4	Principles of Management	1. Unit –III combined in Unit –II 2. Unit – III has	40%	Unit III Organization Nature and purpose of Organization - Types of Organization -	Motivation and Leadership Motivation: Concept and Definition, Types, Importance –Theories of Motivation –	Motivational theories leads to strong leadership qualities. Present Scenario needs lot of energy in

			replaced by new contents		Organizational Structure - Formal and informal groups - Line and Staff authority - Departmentation - Span of Control - Centralization and Decentralization - Use of S Units and Committee	Motivators: Financial and Non-financial- Leadership: Concept and Definition, Importance, Styles of Leadership, Theories of Leadership- Leader vs. Manager	facing prejudice –to overcome all this parameters leadership related topics were introduced Suggestion given by Subject Experts
21	20UEO6E5	Tourism Economics	1. Unit-II completely replaced by Unit III 2. Unit – III has completely replaced by Unit – IV 3. New contents have introduced in Unit IV	60%	II Nature and Components of Tourism Industry The Basic Components – Elements of Tourism - Geographical Component- Geographical Resource for Tourism – General Patterns of World Tourism – Social Tourism – Domestic Tourism.	IV - E-Tourism Introduction to E-Tourism - E-Tourism in India - E-Tourism Players and their Activities- Role of IT in Tourism – An overview of Tourism website – Online tourism services and its Benefits - E-Service Centers - IRCTC- Makemytrip.com- yatra.com- Tripadvisor.	We have made significant changes to the syllabus and included the new topics related to current based on the feedback from BOS Members
22	20UEO6E6	Women and The Economy	1. Unit –II combined with Unit-I	40%		Women Government	The new topics are recommended by the

			2. Unit –II replaced by n topics			Women Empowerment - Economic Status, Women in Decision Making, Women and Labour Market – Demand and Supply for Female Labour in Developed and Developing Countries. Women Workers Participation in Agriculture, Non- Agricultural Rural Activities, Informal Sector, Cottage and Small Scale Industries.	Members of BOS
23	20UEO6S3	Advertising and Sales Promotions	1. Unit –V has combined with U – IV 2. Instead of Unit – new content ha introduced	40%		Unit V- Sales Force Management Introduction –Importance of Selection– Sales force Decision – Sales force size – Recruitment and Selection – Selection process – Training – Significance- Objectives- Advantages- Training Programme- Training Methods– Evaluation of Training.	Modern placement wo requires lot of sales for Accordingly the new concept of Selection Recruitment may pla vital role in students affairs. Recommended by Industrialist and Subj expert
24	20UCO1A1	Business Economics	Unit –III , new contents			II Production and Cost Function Production Function-	Production and cost function helps the stud

			introduced			Meaning- the Law of Variable Proportions-The Law of returns – Producer’s Equilibrium through Isoquants –Cost Function: Types of cost – Total and Marginal Cost Functions- AC & MC relationships- Characteristics of Costs in the long run- Cost Control and Cost reduction methods.	to enter into th the jo market as manageria economist or they becc an entrepreneur . The must know the product function . Hence the to was suggested by th subject expert.
25 a	20UEO5AL	Economics of Farm Business	New papers has introduc	100%		UNIT: I Principles of Farm Management Meaning and Scope of Farm Management – Importance of the Subject of Farm Management in India. Principles Involved In Farm Management Decisions: Principle of Variable Proportion - Cost Principle - Principles of Factor Substitution - Law of Equi-marginal Return	This course provides sufficient knowledge about Farm managem Agricultural credit an agriculture price polic Agricultural Marketin will help the students become an Agro – Entrepreneurs in futur Hence the student mem suggested this course

						– Opportunity Cost Principle – Principle of Combining Enterprises – Principle of Comparative Advantage – Time Comparison Principle. UNIT: II Farm Resources Green Revolution – Agriculture Inputs: Fertilizers and Plant Protection, Irrigation and Farm Mechanization – Concept of Agricultural Labourer – Growth, Causes of Growth – Conditions and Problems of Agricultural Laborers and Measures Taken. UNIT: III Capital and Credit Role of Capital in Agriculture – Sources of Capital – Need for Agricultural Credit –	
--	--	--	--	--	--	--	--

						Classification of Agricultural Credit – Source of Agricultural Credit: Non-institutional and Institutional – Crop Insurance – Capital Formation In Agriculture Sector. UNIT: IV Marketing Functions of Marketing – Characteristics of Agricultural Produce – Defecting In Marketing of Agricultural Produce In India – Measures Taken By Government – Regulated Markets – Co-Operative Marketing – Marketed and Marketable Surplus, Marketing Costs and Margin. UNIT: V Price Policy and Public Distribution Need For and Objectives of Agricultural Price Policy – Instruments of Agricultural Price	
--	--	--	--	--	--	--	--

						Policy In India: Support, Procurement And Issue Prices – Public Distribution – Buffer Stock – Agricultural Trade and Balance of Payment With Special Reference To Agricultural Commodities.	
25 b	20UEO6AL	Economics for Administration	New paper has introduced	100%		Unit: I National Income Concept of National Income -Circular flow of income; Methods of calculating National Income: Value Added or Product method, Expenditure method, Income method. Concepts and Aggregates Related to National Income: Gross National Product (GNP), Net National Product (NNP), Gross and Net Domestic Product (GDP and NDP) – at Market Price, at Factor Cost;	The Concepts in Economics Helps to increase the efficiency of decision making and policy making. Hence the subject experts suggest to include this Course.

						National Disposable Income (Gross and Net), Private Income, Personal Income and Personal Disposable Income; Real and Nominal GDP-GDP and Welfare. Unit: II Government Budget and the Economy Concept and Types of Tax – Direct Tax and Indirect Tax, Goods and Service Tax (GST), Structure of GST (SGST, CGST, UTGST & IGST), GST Council; Budgetary Procedure- Types of Budget-Classification of Receipts: Revenue Receipt and Capital Receipt; Classification of Expenditure : Revenue Expenditure and capital expenditure; Various Measures of Government Deficit : Revenue Deficit, Fiscal
